

LYTHAM TENNIS CLUB
CHURCH ROAD LYTHAM FY8 5QD

Coach's Report

I am echoing the sentiments of my fellow Committee members by saying 'what a strange year this has been'. Challenging to us all, whether a senior or junior player, someone who wants to learn this wonderful game or a parent encouraging their child(ren).

Apart from the initial lockdown when I was furloughed, I have had a very successful year business wise with my coaching and thank you to all those who have given me the opportunity and support to do the job I love and to see the enthusiasm and progress this brings to me.

The Dome is absolutely fantastic. I have benefitted most with this asset due to the restrictions placed on most of the membership and hopefully I, and my clients have contributed in some way to adding some finances to the club. It is a great shame this year the pandemic has inflicted such a blow to the Club otherwise it would have been a year to rejoice.

The ClubSpark booker app very easy to use and would encourage others who haven't yet registered to do so in the hope that we can all benefit from indoor tennis.

With the interruption to tennis earlier in the year and the lack of junior team tennis there is nothing to report only to hope 2021 can offer a more optimistic future for tennis at all levels. Again and unfortunately no report on junior tournaments or tennis camps.

I'm very proud and fortunate to be the club coach and I am so dedicated to my job. I want to get better and better at every opportunity, I enjoy every lesson I have.

Thanks to Bernard and Frank and everyone else on the committee for their hard work and the support they have given to me!

Greg Porter
